Beautiful Southern Galax Leaves

Who Introduced
Galax

Introduced by the Highlands Nursery several seasons ago, this grand new Evergreen is now known everywhere, and is used by the MILLION.

Why Galax is so
Popular

Their BRILLIANCY OF COLORING (bright green and rich bronze), unique shape, long pliant stems and cheapness, have combined to make them the most POPULAR EVERGREEN DECORATIVE now used by Florists.

Ivy Leaves Not
"In It"!!

More beautiful and far easier to make up than IVY LEAVES, they are universally taking the place of this old and popular Florists' Evergreen, being especially suitable for wreaths, crosses and all FINE DESIGNS, and are unrivalled for winter cemetery work.

Will the Leaves
Keep?

The lasting qualities of GALAX are remarkable, the leaves keeping indefinitely in cold storage, or all winter and into late spring, merely stowed away in a cool cellar, and used as needed out of THE ORIGINAL CASES WE SHIP IN. **Our method of packing saves customers all re-handling.**

Each Color and
Size Separate

We tie in bunches of 25 leaves, each color and size separately, thus saving the Florist all labor of sorting, and usually pack in cases of 5,000 to 25,000 each. The large size weigh packed, 6 to 8 lbs., small size, 4 to 6 lbs., per thousand. **Large lots sent cheaply and safely by freight.**

Price and Terms

PRICE, either size or color, \$1 per thousand; 5,000 or over, at 75c. per thousand, F. O. B., Cranberry, N. C. (By mail, 600 assorted for \$1, postpaid. **You should not fail to try a sample lot.**) Our terms are CASH with 5 per cent. discount. Known customers allowed 30 days, net.

Our Galax the
Finest.
Samples Free

Samples by mail free. We ship Leaves to EUROPE safely during the winter months. Our Leaves are positively the FINEST and MOST CAREFULLY SELECTED to be had. We shipped MILLIONS last winter all over this country and Europe with grand success.

Leucothoe Sprays
